## UNIFIRST ANNOUNCES FINANCIAL RESULTS FOR THE SECOND QUARTER OF FISCAL 2017

Wilmington, MA (March 29, 2017) — UniFirst Corporation (NYSE: UNF) today announced results for its second quarter of fiscal 2017 which ended February 25, 2017. Revenues for the quarter were \$391.4 million, up 7.8% from \$363.1 million in the year ago period. Net income was \$22.5 million (\$1.10 per diluted share), down 4.2% from \$23.5 million (\$1.16 per diluted share) in the second quarter of fiscal 2016. Results for the second quarter of fiscal 2017 include the impact of the Company's acquisition of Arrow Uniform (Arrow) which was completed in September 2016.

Core Laundry revenues in the quarter were \$358.4 million, up 8.2% from those in the prior year's second quarter. Adjusting for the estimated effect of acquisitions as well as a stronger Canadian dollar compared to a year ago, Core Laundry revenues grew 2.2%.

Ronald D. Croatti, UniFirst President and Chief Executive Officer said, "We are encouraged by the improvement during the second quarter of the Core Laundry Operations' organic growth rate. Recent trends indicate that wearer levels at existing customers have stabilized after enduring two years of significant reductions in our North American energy-dependent markets. In addition, overall new sales as well as customer retention are also trending positively compared to the first half of 2016."

Core Laundry operating income was \$33.1 million during the quarter, an 8.5% decrease from the prior year. Its operating margin was 9.2%, down from 10.9% for the same period in fiscal 2016. The margin decline was primarily the result of higher selling and administrative expenses as a percentage of revenues. In addition, the estimated impact of the acquisition of Arrow decreased the Core Laundry operating margin by 0.6%.

Revenues from our Specialty Garments segment, which consists of nuclear decontamination and cleanroom operations, increased 6.5% in the quarter compared to the same period a year ago, and operating income was \$2.1 million compared to \$1.1 million in last year's second quarter. The improvement in results during the quarter was driven by this segment's US and Canadian nuclear operations. This segment's results can vary significantly from period to period due to seasonality and the timing of reactor outages and projects.

UniFirst continues to maintain a strong balance sheet with no long-term debt and significant cash balances. Excluding the \$119.9 million cash purchase price paid for the Arrow acquisition, cash and cash equivalents increased \$69.6 million during the first half of the year. As of February 25, 2017, our cash and cash equivalents were \$313.5 million.

#### Outlook

Mr. Croatti said, "During our last earnings call, we communicated that we expected full year revenues for fiscal 2017 would be between \$1.550 billion and \$1.565 billion and full year diluted earnings per share would be between \$4.85 and \$5.00. We now expect that our full year results will come in at the higher ends of these previously communicated ranges."

#### Conference Call Information

UniFirst will hold a conference call today at 10:00 a.m. (ET) to discuss its quarterly financial results, business highlights and outlook. A simultaneous live webcast of the call will be available over the Internet and can be accessed at www.unifirst.com.
